

Following are instructions for downloading the secure file transfer application. The JMFA username and password previously provided are necessary. If you have any questions or need any assistance, please contact your JMFA representative.

- 1. Click on the button to **Download Application**.
- 2. Once downloaded, you should be prompted to **Open** the file. If not, try going to your Downloads folder and opening the file from there.

3. Select the Setup Type.

Click Next.

4. Click Install.

The application will install.

Setup - WinSCP 5.19.2	_		\times
Installing		1	h
Please wait while Setup installs WinSCP on your computer.			÷
Looking for sites to import			
			· .
Help		Can	cel

5. When installation is complete, if preferred select **No** and **Uncheck the option** to Open Getting Started Page

Setup - WinSCP 5.19.2	X
	Completing the WinSCP Setup Wizard To complete the installation of WinSCP, Setup must restart your computer to load updated version of Drag & drop shell extension. You can restart your computer later, if you do not need to use the extension. Would you like to restart now? • Yes, restart the computer now • No, I will restart the computer later • Launch WinSCP • Open Getting started page
Help	Finish

Click Finish.

6. Once installed, **WinSCP will launch**. You should then be prompted to enter your credentials previously provided.
